Montgomery Waller Park: 3020 Coronado Ave,
San Diego CA. 92154**

LITTLE AZTECS ACADEMY PROGRAM

Our Little Aztecs Academy was created to provide young players with the best opportunity to develop in soccer. We have experienced and qualified licensed coaches who have played soccer at Professional and semi-professional levels. This program will have teams with coaches assigned specifically to them for two practices per week and game on Saturday. All of the practices are based on a curriculum developed by our DOC with the goal to develop fundamental skill-sets necessary for future success in the game with the emphasis in the Aztecs style of play and system. All of the games played in our Little Aztecs Academy Program are Small Sided Games from 3v3 up to 5v5. We keep small groups in our games in order give the highest level of repetition and real game situation. This strengthens the player's confidence in the game which lays the foundation for success in the future when they are assigned to a competitive team.

Sign Up Today ONLINE
